November 4, 1971

Dear Club Members:

Here it is election time again. Seeing as there were not at least two nominations for officers (there actually were none), I am again considering everyone as being nominated. Please mark your choice and return to me right away. Not wanting to make the same mistake as last time, I am enclosing a self-addressed stamped envelope so all you have to do is mark your ballot, place it in the ballot envelope, put it in the SASE, and mail it today. I hope to hear from everyone right away.

It is in the fire that we probably will have a club meeting in January. The place is still being decided on, but it will most likely be in the Houston area. We plan for the club to pick up the tab for the meal and maybe furnish a couple of small door prizes. We will try to have it on a Saturday night and I hope everyone will be able to attend. I will make a point of getting more details to you in time for you to make your plans for the event.

It has been disappointing to me that no one has nominated any new members. I have had some ideas of my own about new members but I am reluctant to make nominations. I feel that the members should make some nominations and that this action shouldn't be limited to one source. This is an attempt on my part not to have a one-man-club situation. What kind of person do we want as a club member? Well, as the name implies, we lean towards the DXer. However, there is one activity that every club member likes to participate in. That activity is Field Day. So that gives us our second classification for membership, a contest operator. But regardless of this, any nominations for membership will be fairly considered and voted on. Let me hear from you fellows! Oh yes, enclosed you should find a nomination slip. Copy it if you wish, or I will send you more upon request.

Field Day will be upon us before we know it. It is never too early to be looking for spots. The location we had last year was good but I think it is best that we move our site around from year to year. Form some opinions on the subject and we will hash it out at our January meeting.

Enclosed you will find the current constitution and a financial statement. Also, the papers for ARRL affiliation have been sent in and unless I am mistaken we will be a 100% club (100% ARRL membership).

This should cover about everything to date. You will receive further correspondence when plans are finalized on the club meeting. In the meantime, let me hear from you and I will see you in January.

Best 73's

Richard L. King, President  
Texas DX Society
