Alvin, Texas 77511  
April 15, 1973

Dear Club Members:

It is time once again to vote on some new members for the club. The members-elect are Don Busick (K5AAD), David Busick (WA5ZNY) and Earl Cunningham (W5RTO). All have been duly nominated and the 30-day waiting period has elapsed. After completing the ballot, place it in the ballot envelope, seal it and return it to me.

The club cookout is scheduled for Sunday, May 6, at the Field Day site. Last year we had a good start on this event. Once again it will be attempted by all members to outdo one another in preparation of their gourmet delights. If needed, Alka-Selzer will be supplied. Festivities start about 9 or 10 a.m. and continue until everyone gets tired. I hope everyone can make it.

We may be losing one of our members later this year. Ed Jones (WA5YEL) will be accepting another position with his company that will take him to the east coast. He will not be moving right away but will be spending a large portion of his time flying back and forth. Ed says that he will try to make the cookout and Field Day if he can.

A few of the club members are appearing on the club 2-meter frequency of 146.55. This writer also hopes to be active there in the very near future.

I hope everyone enjoyed the club banquet. It seemed to go quite well. The increased cost left the club treasury slightly down. Enclosed is the bi-yearly financial report for your scrutiny.

Also we have a few members still outstanding in their dues. I hope you will take advantage of the SASE to enclose your due amount.

Well that's about it. The deadline on returns for the balloting is April 28th, so please get this back to me as quickly as possible. See you at the cookout.

Sincerely,

Richard L. King, K5PFL
