December 12, 1975

Dear Fellow Club Members:

We have a run-off for the office of president between three of the nominees. They are WA5LES, K5LZO and W5NMA. Enclosed you will find the run-off ballots. Please mark your choice for president, place the ballot inside the ballot envelope and return it to me. I will accept any ballots returned on or before December 26th. Under no circumstances will any ballots be accepted at the meeting.

The membership balloting for Mike Young, W5RRX, showed a favorable percentage to allow entry. However, I did not receive enough votes to make the election official. The club constitution states that at least 50% of all club members must vote on a new member. In this election I received ballots from only 48% of the club membership. I must personally take the blame for this because not much time was allowed to return the ballots back to me. So, once again, I am asking that you cast your ballots pro or con, on W5RRX. Enclosed you will find the forms for this purpose I ask that you return this ballot with your presidential ballot.

The winter banquet is still scheduled for December 27th. Enclosed you will find more information on the banquet prepared by your current President and Meeting Chairman.

Your 1976 dues are now due. Please forward \$10.00 in check payable to the Texas DX Society. If you qualify for a student membership, your dues will be \$6.00 for next year. Associate membership dues are \$1.00. Unless you are otherwise advised, your dues will fall in one of the classes above.

That's all for now. Return your ballots to me as soon as possible. See you at the banquet.

Richard L. King, Secretary
Texas DX Society
