Dear Fellow Clubmembers,

Our next club meeting is Friday, June 6th. It will be at the same Howard Johnson's Restaurant on the Gulf Freeway (I-45). It is near the Wayside exit on the north side of the Freeway and the meeting starts about 7:30pm.

We have two items of business to vote on. First comes the vote on new member-elect, John Stevens, K5KYU. John has attended our last few meetings. He is a computer-programmer at TRW and is presently involved in developing some programs for Amateur related applications.

The second item is a proposed constitutional change. It is proposed that we add this to the new member area of the constitution. "In addition to the 30 day waiting period, a new member elect must be introduced to the members by his sponsor at a regular scheduled club meeting before he can be voted on."

You will find ballots enclosed for this purpose and a balloting envelope for the membership ballot.

The June 6th meeting will probably have Field Day as the major topic. Be prepared to discuss this at length. For those coming in from out of town, we will try to watch 146.34/146.94 to talk people in. See you at the meeting.

73,

Richard L. King
Secretary
Texas DX Society
