Dear Fellow Club members,

It is Officer election time again. The nominees are K5DEG, WA5LES, K5LZO, W5NMA, K5RLW and WA5ZNY. Enclosed you will find the presidential ballot. Please mark your choice for president, place the ballot inside the ballot envelope and return it to me. I will accept any ballots postmarked before December 1st.

Also we are voting on a new member-elect. It is Mike Young, W5RRX. Mike has attended the last few club meetings and I know most of you have had a chance to meet him. All the necessary qualifications have been met on this nomination and I would like for you to return your ballot with the presidential ballot.

I am enclosing a form that you can use to notify me as to your contest scores. As you know, I need to know what your scores are in order to write the club letter claiming our club score. I would really prefer that you simply send me a copy of your summary sheet. However, I know that many of you do not have access to copying machines. If this is the case, please fill in your scores and mail me the form. Incidentally, I have a standing offer to dup, copy and fill out a summary sheet for any member who doesn't have the time to do so or isn't familiar with the procedures. All you have to do is send the logs to me and I will copy and return them along with your copy of the summary sheet. Every year there are many of you who usually operate in a contest and never get around to sending it in. Don't let this be the case this year. Bundle up your logs and mail them to me. I will do the rest.

The Winter Banquet is still scheduled for Saturday, December 27th. The site has not yet been decided. There will be a mailing to notify all members as soon as the location is set. An attempt is being made to get a speaker for the banquet from ARRL. We have a good chance of getting the contest editor, WA1STN, to come down. However, this is also still up in the air.

That's all for now. Get those ballots right back to me as soon as possible. See you at the Banquet.

73,

Richard L. King, Secretary
Texas DX Society
